The Story behind Signature Cocktails

When guests visit Fairmont Hotels & Resorts in Banff, Lake Louise and Jasper they drink it all in: the scenery, the adventure, the fine dining, the luxurious accommodation, and the legendary service. Now guests can drink it in – literally – with new signature bottled cocktails from each of the three resorts – Fairmont Banff Springs, Fairmont Chateau Lake Louise, and Fairmont Jasper Park Lodge.

This tippie trifecta was created by Nils Schabert, regional manager of mixology for Fairmont Hotels & Resorts Canada's Western Mountain Region. "These cocktails represent each hotel in its' unique environment, showcasing the exceptional experience that we provide for our guests," stated Schabert. "Now our guests have the opportunity to take a piece of their Fairmont experience home, to share it with friends and family, or to simply savour it a little longer."
