

# NewsyBITS

The Northern Lights are on top of every traveler's mind visiting Canada. With the growing demand in bookings for Northern Lights viewing tours we want to introduce our new location of the AuroraCentre in the Yukon.

We have a great new place which is away from any light pollution, offers pristine views and the comfort to enjoy the dancing night sky in small or large groups.

At the unique and exclusive **AuroraCentre** our guest can experience the magic of watching the Aurora Borealis in style and comfort under the open sky of the North.

## AuroraCentre Highlights

- **The AuroraCentre offers unhindered views** to the open sky with the comfort of a heated cabin, yurts and teepees for up to 120 guest per evening.
- **We offer tripod rental** for our guest to take photos of the Northern Lights with their own photo equipment.
- **We serve hot drinks and light snacks** at the Tea&Coffee Snack Stations.
- **We offer exclusive service** at the Porcupine Yurt with the Deluxe & VIP Upgrade options.
- **We provide professional photo services** during our Aurora Viewing tours. Guest can view and purchase photos at our online shop shortly after each tour.
- **We include transportation from/to Whitehorse downtown hotels** as part of our Aurora Viewing evening tours.

We look forward in working with your team in order to mutually increase our list of satisfied customers. Wholesalers and agents alike are encouraged to contact us for.

With best regards,

President, **ARCTIC RANGE** Adventure & Tours
