Multi-million dollar facelift for the Chelsea Hotel, Toronto

The [Chelsea Hotel, Toronto](#) is pleased to announce that, the hotel has gone through some exciting changes, including a C\$25 million dollar refurbishment.

The investment – the most extensive since 2013 – included 600 guestrooms in the Executive Tower, hotel corridors throughout the hotel, modernization and refurbishment of the Executive Tower elevators. Additionally, there was a refurbishment of Market Garden Restaurant including new carpet and furniture, while our full-service restaurant, Elm Street Bar & Lounge, has undergone a remarkable enhancement. This included an expansion to double the seating capacity and the addition of new furniture and lighting.

The impressive redesign for the Executive guestrooms include:

- New carpet, wallcovering, drapes, lighting, mattresses, televisions and artwork.
- Case good surfaces covered with a stone cap
- Bathroom lighting and tub glazing

These rooms are the ideal choice for guests looking for comfort and stylish design. Appropriate for leisure or business stays, our Executive Tower is characterized by soothing colours, natural light and wood/marble furnishings. Starting at 325 sq. ft., guests can select from king or two double beds. Room amenities include; private balcony access in the majority of rooms, Nespresso® coffee machines, 50” flat screen TV, in-room safe, electric kettle, mini-fridges and views of the downtown core.

The scope of the corridor refurbishment includes replacement of carpet, wall vinyl as well as refreshing trim and doors.

There was a Wi-Fi upgrade investment of C\$2.3 million, offering our guests a significant improvement for streaming multiple devices.

Hong Kong-based Great Eagle Group, owner of the hotel since 1996, assumed management under its subsidiary, Langham Hospitality Group on July 1, 2013. The owner has invested over \$54 million since the re-branding.
